# Terms of Approval

## Design Organisation Approval Certificate

### EASA.21J.178

#### 1 Scope of approval

This Design Organisation Approval has been granted for:

- designing in accordance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements:
  - supplemental type-certificates to aircraft related to cabin interiors and cargo systems and associated systems, and structures;
  - minor changes and minor repairs to aircraft related to cabin interiors and cargo systems and associated systems, and structures;
- demonstrating and verifying the compliance with the applicable type-certification basis, operational suitability data certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

#### 2 Categories of products

Large and Small Aeroplanes.  
Large and Small Rotorcrafts

#### 3 List of products

[Not applicable]

#### 4 Privileges

- a) The holder of this design organisation approval shall be entitled to perform design activities under Part21 and within its scope of approval.
- b) Subject to 21.A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining:
  1. a supplemental type-certificate;
- c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:
  1. to classify changes to type-certificate and repairs as "major" or "minor";
  2. to approve minor changes to type-certificate and minor repairs;
  3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.178";

## 5 Limitations

[See in 1, above]

1. Structural design limited to that required for the provision for the installation of interiors and electrical systems.
2. Design of changes and repairs requiring flight testing to show compliance with the applicable airworthiness requirements are excluded.
3. Changes affecting Operational Suitability Data are excluded.
